CALIFORNIA INSURANCE CODE**

**DIVISION 2. CLASSES OF INSURANCE -- Part 2. Life and Disability Insurance
CHAPTER 1. THE CONTRACT -- Article 4. Payments and Proceeds**

10176. Medical Reimbursement Provisions of Disability Policies; Selection of Certificate Holder or Licensee; Unenforceability of Waiver of Mental Health Services Coverage

In disability insurance, the policy may provide for payment of medical, surgical, chiropractic, physical therapy, speech pathology, audiology, acupuncture, professional mental health, dental, hospital, or optometric expenses upon a reimbursement basis, or for the exclusion of any of those services, and provision may be made therein for payment of all or a portion of the amount of charge for these services without requiring that the insured first pay the expenses. No such policy shall prohibit the insured from selecting any psychologist or other person who is the holder of a certificate or license under Section 1000, 1634, 2050, 2472, 2553, 2630, 2948, 3055, or 4938 of the Business and Professions Code, to perform the particular services covered under the terms of the policy, the certificate holder or licensee being expressly authorized by law to perform those services.

If the insured selects any person who is a holder of a certificate under Section 4938 of the Business and Professions code, a disability insurer or nonprofit hospital service plan shall pay the bona fide claim of an acupuncturist holding a certificate pursuant to Section 4938 of the business and Professions Code for the treatment of an insured person only if the insured's policy or contract expressly includes acupuncture as a benefit and includes coverage for the injury or illness treated. Unless the policy or contract expressly includes acupuncture as a benefit, no person who is the holder of any license or certificate set forth in this section shall be paid or reimburse under the policy for acupuncture.

Nor shall any such policy prohibit the insured, upon referral by a physician and surgeon licensed under Section 2050 of the Business and Professions Code, from selecting any licensed clinical social worker who is the holder of a license issued under Section 4996 of the Business and professions Code or any occupational therapist as specified in Section 2570 of the Business and Professions Code, or any marriage, family and child counselor who is the holder of a license under Section 4980.50 of the Business and Professions Code, to perform the particular services covered under the terms of the policy, or from selecting any speech pathologist or audiologist license under Section 2530 of the business and Professions Code or any registered nurse licensed pursuant to Chapter 6 (commencing with Section 2700) of Division 2 of the Business and Professions Code who possesses a master's degree in psychiatric-mental health nursing and two years of supervised experience in psychiatric-mental health nursing, at such time as the State Board of Registered Nurses produces and maintains a list of those psychiatric-

NPR-I-21.DOC (REV 1994)

mental health nurses who possess a master's degree in psychiatric-mental health nursing and two years of supervised experience in psychiatric-mental health nursing, or any respiratory care practitioner certified pursuant to Chapter 8.3 (commencing with Section 3700) of Division 2 of the Business and Professions Code to perform services deemed necessary by the referring physician, that certificate holder, licensee or otherwise regulated person, being expressly authorized by law to perform the services.

Nothing in this section shall be construed to allow any certificate holder or licensee enumerated in this section to perform professional mental health services beyond his or her field or fields of competence as established by his or her education, training, and experience. For the purposes of this section, "marriage, family and child counselor" means a licensed marriage, family and child counselor who has received specific instruction in assessment, diagnosis, prognosis, and counseling, and psychotherapeutic treatment of premarital, marriage, family, and child relationship dysfunctions which is equivalent to the instruction required for licensure on January 1, 1981.

An individual disability insurance policy, which is issued, renewed, or amended on or after January 1, 1988, which includes mental health services coverage may not include a lifetime waiver for that coverage with respect to any applicant. The lifetime waiver of coverage provision shall be deemed unenforceable.

10176.7. Disability Insurance Written or Issued for Delivery Outside State; Selection of California Licensed Clinical Social Worker, Registered Psychiatric Mental Health Nurse, Marriage, Family and Child Counselor or Certified Respirator Care Practitioner

Disability insurance where the insurer is licensed to do business in this state and which provides coverage under a contract of insurance which includes California residents but which may be written or issued for delivery outside of California where benefits are provided within the scope of practice of a licensed clinical social worker, a registered nurse licensed pursuant to Chapter 6 (commencing with Section 2700) of Division 2 of the Business and Professions Code who possesses a master's degree in psychiatric-mental health nursing and two years of supervised experience in psychiatric-mental health nursing, or a marriage, family, and child counselor who is the holder of a license under Section 17805 of the Business and Professions Code, or a respiratory care practitioner certified pursuant to Chapter 8.3 (commencing with Section 3700) of Division 2 of the Business and Professions Code shall not be deemed to prohibit persons covered under contract from selecting those licensees in California to perform the services in California which are within the terms of the contract even though the licensees are not licensed in the state where the contract is written or issued for delivery.

It is the intent of the Legislature in amending this section in the 1984 portion of the 1983-84 Legislative Session that persons covered by the insurance and those providers of health care specified in this section who are licensed in California should be entitled to benefits provided by the insurance for services of those providers rendered to those persons.

10177. Mental Health coverage in Self-Insured Employee Welfare Benefit Plan; Unenforceability of Waiver of Lifetime Coverage

A self-insured employee welfare benefit plan may provide for payment of professional mental health expenses upon a reimbursement basis, or for the exclusion of such services, and provision may be made therein for payment of all or a portion of the amount of charge for such services without requiring that the employee first pay such expenses. No such plan shall prohibit the employee from selecting any psychologist who is the holder of a certificate issued under Section 2948 of the Business and Professions Code or, upon referral by a physician and surgeon licensed under Section 2135 of the Business and Professions Code, any licensed

clinical social worker who is the holder of a license issued under Section 9040 of the Business and Professions Code or any marriage, family, and child counselor who is the holder of a certificate or license under Section 4980.50 of the Business and Professions Code, or any registered nurse licensed pursuant to Chapter 6 (commencing with Section 2700) of Division 2 of the Business and Professions Code who possesses a master's degree in psychiatric mental health nursing and two years of supervised experience in psychiatric-mental health nursing, at such time as the State Board of Registered Nurses produces and maintains a list of those psychiatric-mental health nurses who possess a master's degree in psychiatric-mental health nursing and two years of supervised experience in psychiatric-mental health nursing, to perform the particular services covered under the terms of the plan, such certificate or license holder being expressly authorized by law to perform such services.

Any individual disability insurance policy, which is issued, renewed, or amended on or after January 1, 1988, which includes mental health services coverage may not include a lifetime waiver for that coverage with respect to any applicant. The lifetime waiver of coverage provision shall be deemed unenforceable.

Nothing in this section shall be construed to allow any certificate holder or licensee enumerated in this section to perform professional services beyond his or her field or fields of competence as established by his or her education, training, and experience. For the purposes of this section, "marriage, family and child counselor" shall mean a licensed marriage, family and child counselor who has received specific instruction in assessment, diagnosis, prognosis, and counseling, and psychotherapeutic treatment of premarital, marriage, family and child relationship dysfunctions which is equivalent to the instruction required for licensure on January 1, 1981.

A self-insured employee welfare benefit plan, which is issued, renewed, or amended on or after January 1, 1988, which includes mental health services coverage in nongroup contracts may not include a lifetime waiver for that coverage with respect to any employee. The lifetime waiver of coverage provision shall be deemed unenforceable.

10177.8. Self-insured Employee Welfare Benefit Plans Written or Issued for Delivery Outside State; Selection of California Licensed Clinical Social Worker, Registered Psychiatric Mental Health Nurse or Marriage, Family and Child Counselor

A self insured employee welfare benefit plan doing business in this state and which provides coverage which includes California residents but which may be written or issued for delivery outside of California where benefits are provided within the scope of practice of a licensed clinical social worker, a registered nurse licensed pursuant to Chapter 6 (commencing with Section 2700) of Division 2 of the Business and Professions Code who possesses a master's degree in psychiatric-mental health nursing and two years of supervised experience in psychiatric-mental health nursing, or a marriage, family, and child counselor who is the holder of a license under Section 17805 of the Business and Professions Code, shall not be deemed to prohibit persons covered under the plan from selecting those licensees in California to perform the services in California which are within the terms of the contract even though the licensees are not licensed in the state where the contract is written or issued.

It is the intent of the Legislature in amending this section in the 1984 portion of the 1983-84 Legislative Session that persons covered by the plan and those providers of health care specified in this section who are licensed in California should be entitled to the benefits provided by the plan for services of those providers rendered to those persons.
